

Permission to Not Ride the Team Bus

Monadnock Regional Middle High School supplies bus transportation to and from each athletic event. As the bus ride to and from an athletic event is part of the "team experience" it is always recommended that a student athlete be able to ride with the team. However, understanding that this is not always possible, this form will allow the parent/guardian to transport their child to or from an event when special circumstances exist.

I _____ am the parent/guardian of
