Getting Started

Using Aesop Successfully

Note: This guide covers most of the functions that are available to employees in Aesop. These functions are permission based. If you see something in this guide that you are not able to do, your district may not have given you permission to access this function.

Create absences online or on the phone

Aesop offers both phone and Web services, so that you can create an absence anytime, anywhere. Online absences can be created as far as one year in advance. As soon as you register an absence, Aesop starts finding a qualified, available substitute for you.

Manage your schedule

With Aesop you can track how many absences you have taken and see absences you have already scheduled in the future. You can also track the types of absences you have on record, such as personal or professional development day. Aesop offers an easy way to store all your absence information in one place.

Leave notes and attachments for the substitute

By writing notes or attaching documents to your absence, you can assure that your substitute is prepared to handle your duties during your absence. Aesop lets both the district and the employee leave notes, as well as attach Word documents and PDF's to the absence.

Log on to Aesop

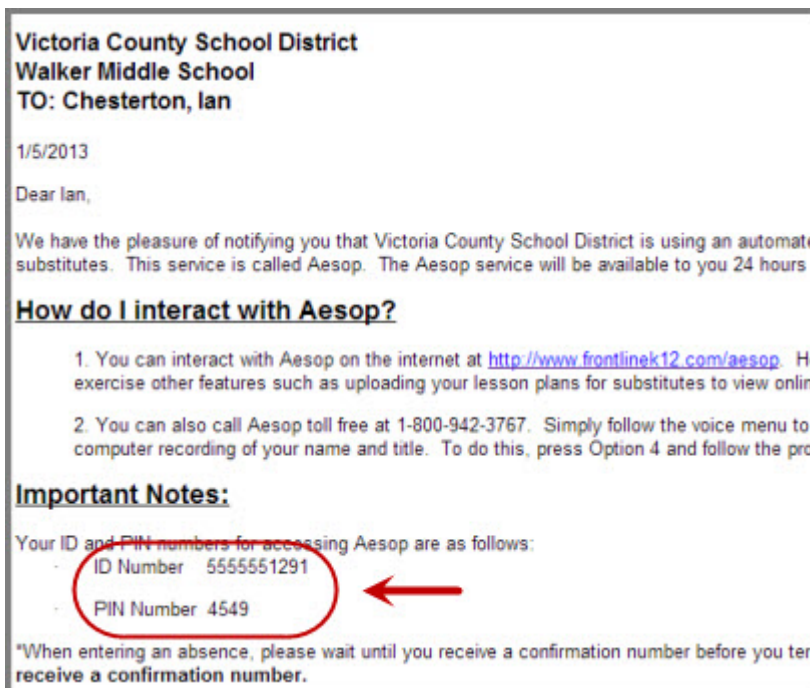

The first step to log on to Aesop is to visit the Aesop website. Put www.FrontlineK12.com/Aesop into your internet browser's address bar and hit the **Enter** button on your keyboard.

This will take you to the Aesop website. At the top right corner of this page you will see the area to login. Use the **ID** (most likely your 10-digit phone number) and **PIN** provided to you by your district. Once you have entered this info into the boxes click the **Login** button.

If you are new to Aesop your district may have provided you with a **Welcome Letter**. Your ID and PIN will be in this letter.

What if I forgot my PIN?

You can click the "Forgot your login?" button just to the right of the login boxes.

ID PIN [LOGIN](#) [Forgot your login?](#)

This will open a new page. On this page you can have a PIN reminder sent to your email address or view a document on common login issues.

Home Page

Web Alerts

Before you are taken to your home page you may first get a pop-up of your Web Alerts. Web Alerts are alerts that have been created by your district for employees to see. They can contain important general information that may be useful to you. Once you have read the alerts you can click the **Dismiss** button to move on. These web alerts can be revisited at any time from the Top Bar.

Once you have dismissed your Web Alerts you will be able to view your home page.

Top Bar

At the very top of your home page you will see a black bar with three different buttons you can click on.

Your Name - Clicking on your name will take you to your Account tab where you can change things like your personal info, PIN, and your preference list. These items will be covered in more detail later in this guide.

Notifications - Click here to view the Web Alerts your district has sent you.

Logout - Click the Logout option to log out of Aesop and be taken back to the login page.

Main Tabs

The Main Tabs will help you navigate quickly to the different areas of your Employee website.

Home Tab - The tab with the blue house icon is your Home Tab. You can click this tab from anywhere in the website to be taken back to the home page.

Absence - The Absence Tab will take you to the absence creation page.

Feedback - Clicking the Feedback Tab will take you to the feedback section of the site where you can leave feedback for absences that ended in the past 14 days. You can also view past feedback that you left or was left for you.

Account - The Account Tab will take you to where you can change your personal info, change your PIN, edit your preferred subs, and view your absence reason balances.

Directory - Under the Directory Tab you can view substitute phone numbers as well as a list of people who approve your absences.

Time Entry - If your district uses the Frontline product Veritime, you will be able to access it under the Time Entry tab.

Help - The Help Tab will bring you to a page where you can access user guides and training videos.

Calendar

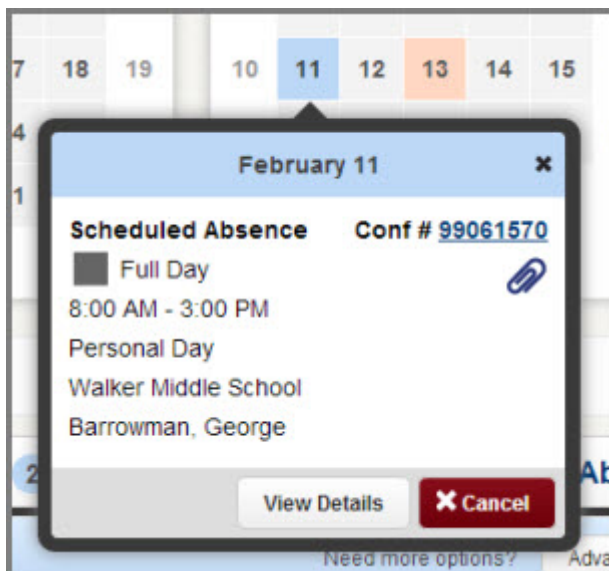

Just below the main tabs is your calendar. The calendar is color coded to show the different types of days.

You can move forward and backward in time on the calendar by using the arrows indicated below.

Clicking on an individual day in the calendar will pop up information about that day. If it is an absence day you will have options (depending on your permission setup) in the pop-up to cancel the absence, view more details, or view attached documents.

Absence Tabs

In the Absence Tabs you can create new absences as well as view upcoming, past, and denied absences. Clicking these tabs will not take you away from the Home Page but will change what you are viewing on the Home Page.

Create Absence - Here you can create a basic absence right from the Home Page.

Scheduled Absences - Under this tab you can view a list of upcoming absences that you have already scheduled. Depending on your permissions you may also be able to cancel an absence from here.

Past Absences - Under this tab you can view your past absences for the past 30 days.

Denied Absences - Under this tab you can view any absence requests that were denied by your approver.

Absence Creation

Note: Absence creation may look slightly different on your website depending on your district's settings

There are many things you can do and see on your Aesop website, but as an employee one of the most important things is the ability to create an absence. We have made it easy for you to do this right from your Home Page.

Basic Absence Creation

To start the absence creation process scroll down to the **Create Absence** tab on the Home Page.

The screenshot shows the 'Create Absence' tab selected in a navigation bar. The interface includes a calendar for January 2013, a 'Substitute Required' toggle set to 'Yes', an 'Absence Reason' dropdown menu, a 'Time' range selector set to 'Full Day' from 08:00 AM to 03:00 PM, and two text areas for 'Notes to Administrator' and 'Notes to Substitute'. A 'Helpful Hint' box explains that multiple days can be selected. On the right, there is a 'FILE ATTACHMENTS' section with a 'DRAG AND DROP FILES HERE' area, a 'Choose File' button, and a 'Related Files' section. At the bottom right, there are 'Cancel' and 'Create Absence' buttons.

Time - Choose what type of absence this is. Is it a Full Day Absence? Is it a Half Day Absence? Depending on your district's setup you may have the option to choose a custom absence as well.

The screenshot shows a form section titled "Time" with the instruction "Please enter a valid time range using the HH:MM AM format." Below this is a dropdown menu that is currently open, displaying the following options: "Full Day", "Full Day", "Half Day AM", "Half Day PM", and "Custom". The "Full Day" option is highlighted in blue. Below the dropdown is a text input field labeled "Notes to Administrator".

If you do need to enter custom times, choose "Custom" from the dropdown and then enter the custom times in the boxes provided.

The screenshot shows the same "Time" form section. The dropdown menu is now set to "Custom". Below the dropdown, there are two input boxes: "08:00 AM" and "04:00 PM", separated by the word "to". A red arrow points from the "Custom" dropdown to the "08:00 AM" box.

Optional Details

There are a couple of optional things you can do as well before saving the absence.

Notes - You have the ability to leave notes for your administrator and for the sub who will be filling in for you. The notes you leave for the administrator **will not** be visible by the sub. The notes you leave for the sub **will** be visible to the administrator.

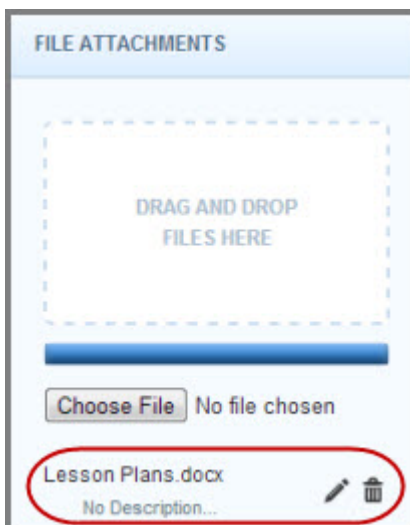

The screenshot shows two text input areas side-by-side. The left area is titled "Notes to Administrator" with the subtext "(not viewable by Substitute)" and has a character count of "255 character(s) left". The right area is titled "Notes to Substitute" with the subtext "(viewable by Admin & Substitute)" and has a character count of "214 character(s) left". The right area contains the text "Please don't forget to feed the hamster."

Attach a File - Aesop gives you the ability to attach files to your absence for your substitute to see. You can attach Word, Excel, and PDF files.

To attach a file click the **Choose File** button and browse your computer for the file you want to attach. If you are using a web browser like Chrome or Safari you may also be able to just drag the file right into the drop area you see in the picture above.

Once you have added a file you will see the name of the file in the File Attachments area. To delete the file use the trash can icon.

Saving the Absence

Once you have filled in all the required fields click the **Create Absence** button at the bottom right corner.

Once the absence is saved you will see a message at the top of your screen which will include the confirmation number. The absence will also show up under the Scheduled Absences tab.

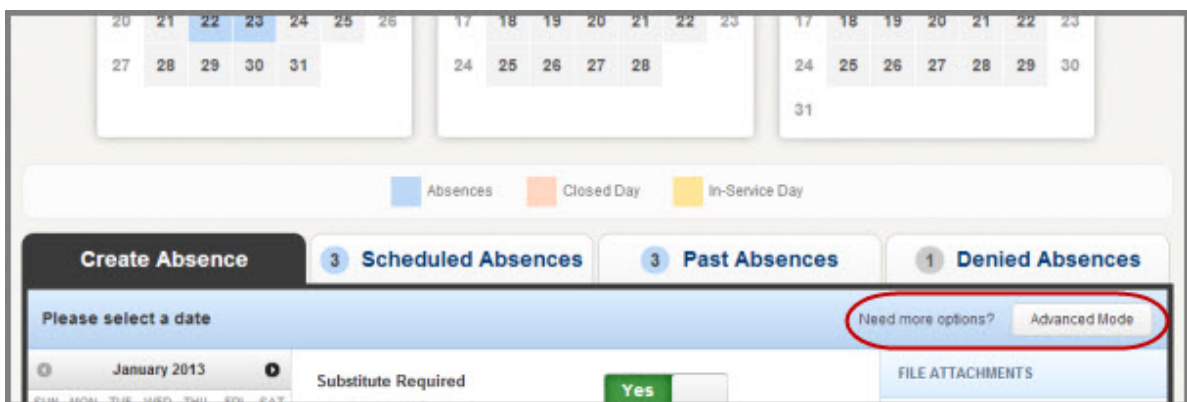

Advanced Mode

There may be times when you need to create an absence that is a little more complicated. For example, you need to use a personal day for day 1 of the absence but an illness day for day 2 of the absence. For situations like this you can use the **Advanced Mode** of absence creation.

To access the Advanced Mode you can click the Absence Tab in the Main Tabs...

...or you can click the Advanced Mode button found under the Create Absence tab. Both take you to the same place.

Advanced mode is basically the same as the normal absence creation except for one major difference, and that is the ability to add Variations. What is a Variation? Well, let's walk through it.

Let's say you are creating an absence like the one we described above, a different absence reason on each of two days. While in Advanced Mode, fill out the top section like you were creating an absence just for the first day.

Once you have done that click the button **+ Add New Variation**.

Assigning Substitutes

Some employees will have the ability to assign a sub to their absence when they create it. If you have been given this permission you will see a "Create & Assign Sub" button at the bottom of the Absence Tab.

The screenshot shows a web interface for creating an absence. At the top, there is a time range selector showing '08:00 AM' to '03:00 PM'. Below this is a section titled 'Notes to Substitute' with the subtext '(viewable by Admin & Substitute)'. There is a large text area for notes, with '255 character(s) left' indicated at the bottom. To the right of the notes is a file upload section with a 'Choose File' button and the text 'No file chosen'. Below the file upload is a section titled 'Related Files'. At the bottom of the interface are three buttons: 'Cancel', '✓ Create & Assign Sub', and '✓ Create Absence'. A red arrow points to the '✓ Create & Assign Sub' button.

Assign a Sub During Absence Creation

At the end of the absence creation process you will be given the option to go ahead and assign a sub (see above image).

Important:

It is your Responsibility to communicate with the substitute of your choice to ensure that they are willing to accept the assignment before you assign them. Aesop will not notify substitute automatically.

When you click the **Create & Assign Sub** button a window will open which will allow you to choose the sub to assign. Use the search box to search for subs that are qualified and available to fill your absence. Once you start typing in a last name into the search box, matches will drop down below the box.

After you click the Assign button you will get a notification at the top of your screen indicating that the substitute was assigned successfully.

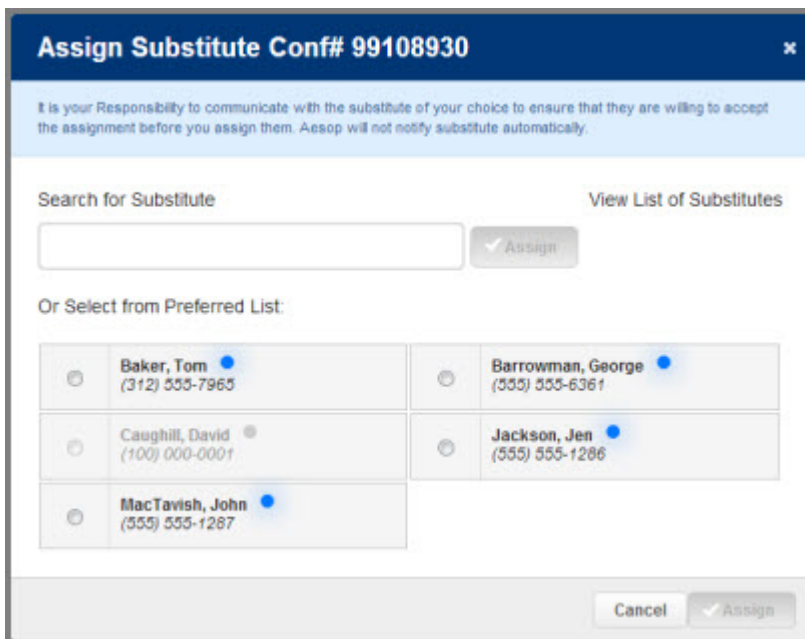

Assigning a Sub to an Existing Absence

To view a list of your currently scheduled absences click the **Scheduled Absences** tab. In this list you will see absences that have the green **Assign Sub** button. Click the green button for the absence you want to assign a sub to.

This will begin the same assignment process which is [outlined above](#).

Managing Absences

Once you have created absences in Aesop you will be able to view them and even modify them when needed.

Scheduled Absences

Any upcoming absences that you have created in Aesop can be found under the Scheduled Absences tab on your home page. The number on the tab indicates how many absences you have scheduled.

Preferred Substitutes

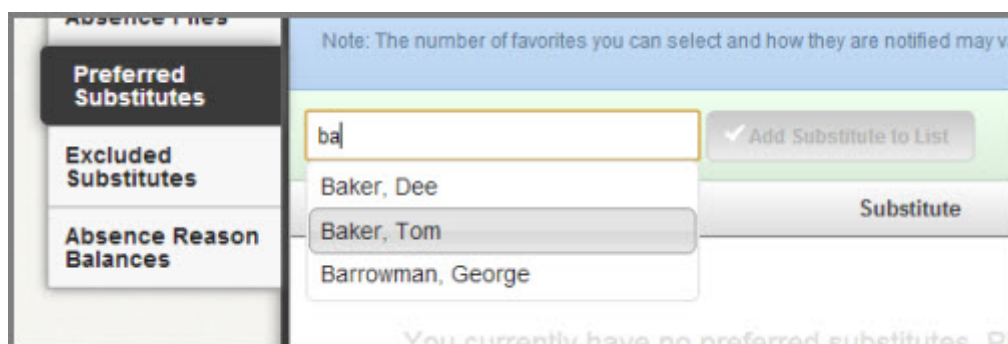

Your district may have given you the ability to select a list of the subs you prefer to fill your absences. Aesop will attempt to contact these subs first when you create an absence.

Create Your Preferred Sub List

The preferred substitutes option will show up under the Account tab.

To add a substitute to your list start typing in their last name into the search box. You will need to type a minimum of two letters for the search to start showing results.

Once you have selected the substitute's name click the **Add Substitute to List** button to add the sub to your preference list.

You can continue to add as many subs as you would like to your list this way. You probably don't want to add every sub in the district though because this would defeat the purpose of picking the ones you prefer. We recommend not picking many more than five.

Don't forget to click the **Save Changes** button any time you want to save the changes you made to your preferred list.

Favorite Five

Once you have added a number of subs to your preference list you can select up to five of them to be your **Favorite Five**. The Favorite Five will get even more of an advantage when attempting to fill your absences. Substitutes that are marked as favorites, and who are considered "qualified and available" at the time the absence is created, will be notified instantly by email when you create an absence that needs a sub. Also, Aesop will begin calling the Favorite Five subs during the next evening calling period up to 120 nights before the absence.

To mark someone as a favorite, simply click the heart icon on their row in the preferred list. If the heart turns red you know you did it correctly.

Once you have marked your favorites you can order them by using the up and down arrows on the left. You can also drag them up or down in the order by clicking the drag icon and dragging them into the position you want them. Ordering your Favorite Five will determine in what order Aesop will attempt to contact them when making calls.

3	Chan, Alice ★★★★☆		
4	Barrowman, George		
5	Caughill, David ★★★★☆		
	Smith, Joe		

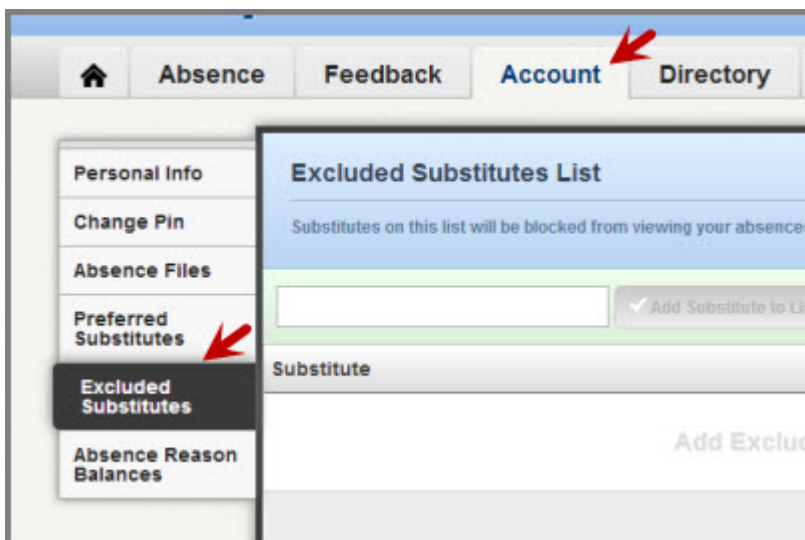

To delete a person from your preferred list click the trash can icon.

Don't forget to click the **Save Changes** button any time you want to save the changes you made to your preferred list.

Excluded Substitutes List

Another option you may have is to create a list of substitutes that you never want filling your absences. Go to the **Excluded Substitutes** option under the Account tab.

To add a substitute to your list start typing in their last name into the search box. You will need to type a minimum of two letters for the search to start showing results.

The screenshot shows a web interface titled "Excluded Substitutes List". Below the title is a blue banner with the text "Substitutes on this list will be blocked from viewing your absences." Below this is a search box containing the text "Ja". To the right of the search box is a green button with a checkmark and the text "Add Substitute to List". Below the search box is a dropdown menu showing a list of names: "Jackson, Jen", "Jacobs, David", "James, Jesse", and "Jaspers, Tiffany". Below the dropdown menu is a button with the text "Add Excluded Substi".

Once you have selected the substitute's name click the **Add Substitute to List** button to add the sub to your exclude list.

The screenshot shows the same web interface as the previous one. The search box now contains the text "Jacobs, David". The "Add Substitute to List" button is still present. A red arrow points to the button. Below the search box and button is a button with the text "Add Excluded Substi".

When you add someone to your exclude list you are preventing them from seeing absences that you create. You can add as many names as you like but we recommend keeping the list relatively small.

To remove someone from your exclude list click the trash can icon.

Itinerant Employees

If you are an employee that works at multiple buildings within your district the absence creation process will look a little bit different for you. Aesop will take you through a 4 step process to help you create your absence.

To start the process click the **Create Absence** tab on your home page.

The screenshot displays the Aesop system interface. At the top, there is a navigation bar with tabs: Home (house icon), Absence, Feedback, Account, Directory, and Veritime. Below this, three calendar views are shown for February 2013, March 2013, and April 2013. The February 2013 calendar has a red arrow pointing to the '13' date, which is highlighted in orange. Below the calendars, there is a legend with four colored squares: blue for 'Absences', orange for 'Closed Day', yellow for 'In-Service Day', and light orange for 'Closed And In-Service Day'. At the bottom, there is a 'Create Absence' button, followed by two buttons: '0 Scheduled Absences' and '0 Past Absences'. Below these buttons, there is a progress bar with four steps: '1. Absence Dates' (highlighted in blue), '2. Location(s) & Times', '3. Additional Details', and '4. Absence Review'.

Step 1 - Absence Dates

In the first step you will select the date or the date range of the absence. You will also select the Absence Reason. You may also have to select if a substitute is needed or not if your district requires that.

To select a date just click it in the calendar and it will turn blue. You can click multiple dates if needed.

Note: Separate reasons per day can be configured on Step2.

Step 2 - Locations(s) & Times

On this next step you will first select which of your schools you will be absent from. If you are going to be absent from more than one school you will be able to select that. For now just pick the first school you will be absent from.

You will also see the day of the week highlighted. If you will be absent more than one day you will see multiple days highlighted. To create your absence for the same times across all days, leave them all highlighted. If your times will be different on different days, deselect the days that will be different by clicking on them. You will be able to add them in a later step.

The screenshot shows a web form section. At the top, it says "I will be absent from:" followed by a dropdown menu with "Select One" and a downward arrow. Below this, it says "On the following days:" followed by a row of seven buttons labeled SUN, MON, TUE, WED, THU, FRI, and SAT. The THU and FRI buttons are highlighted with a red border.

In this step you will also be able to edit your absence reason. You will want to select whatever absence reason applies to the School and days you just selected. If you are going to be absent from one school for the first half of the day and a different school for the second half of the day, you will only have to select the one school's times here. You will add the next school and its times later.

The screenshot shows a web form section. It has two main parts. The first part is labeled "Absence Reason" and has a dropdown menu with "Personal Day" and a downward arrow. The second part is labeled "Time" and has a dropdown menu with "Half Day AM" and a downward arrow. Below the "Time" dropdown, there is a text prompt: "Please enter a valid time range using the HH:MM AM format." and a time range selector with "07:00 AM" and "12:00 PM" buttons separated by a "to" label.

Now that you have entered the info for the first part of your absence you can add a Variation. A Variation is a tool that will allow you to enter any number of data combinations to make the absence fit your schedule. To add a variation click the Add New Variation button in the bottom left.
